50X1-HUM

1. USIA is attempting to obtain former German Air Force equipment at present located in an automobile factory in Karburg, Yugoslavia, which was used for making parts for Messerschmitt planes during the war.
2. Yugoslavia has no planes of the Messerschmitt type in its air force, and is thus interested in selling this equipment. Poland and Czechoslovakia, however, are allegedly still producing planes of the Messerschmitt type, and would be markets for these spare parts.

50X1-HUM

The equipment is allegedly in excellent con-
dition.
